Computer Science Student Specializing in Software Engineering, Data Science and AI/ML Engineering. Actively seeking Internship Opportunities

Work Experience

Developer
NovaRyzex

GitHub

Developed the NovaRyzex Website

 VueJS, Bootstrap, Firebase

Developer
NovaRyzex

GitHub

Developed a website - brainstorm-students-unite.rf.gd that brings student from all over the word together.

 VueJS, Bootstrap, MongoDB Atlas, NodeJS, ExpressJS

Education

Kenyatta University
Computer Science

2022 - 2026

Mastering both theoretical concepts and practical applications, equipping myself to tackle complex problems and innovate in the tech industry.

ALX SWE
Software Engineering

Nov 2023 - Sep 2024

Enhancing my expertise by honing my skills in solving real-world challenges.

ALX AiCE
AI Career Essentials

6 Weeks

Advancing my career in AI through ALX AI Career Essentials. Mastering The Essential AI Tools

CS50
Computer Science

12 Weeks

Gaining foundational computer science knowledge through CS50's Introduction to Computer Science, paving the way for a successful career in technology

Skills

Software Development

- AI/ML & Data Science
- App & Web Development
- Dev Ops

Soft Skills

- Teamwork & Leadership
- Problem Solving & Critical Thinking
- Adaptive, Creative & Continuous Learner

Languages

English - Professional
Swahili - Native
